Grizzlies hit winning streak, take 3 big 7 tilts

by Wendell Nance

**STATISTICS always play an important part in any sport, which is why all Grat- tuss-wise the Grizzlies have a 10-game winning streak up to the Con- way tilt, and are second in the Big 7. Jim Gatto is first in the conference in field goals and points with 84, as of Saturday. Fort Fortville is fourth in the conference in free throws.

**LEADERS in the Big 7 basketball race are the North Little Rock Wildcats, Fort Smith Smiths and Hot Springs Springs. North Little Rock and Texarkana are moving up fast, as the former is facing up into a battle between Fort Fortville and North Little Rock for Big 7 supremacy.

**RUMOR-rumor, we said—has it that Floyd Sappley, a past all- conference 3-point all-southwest and all-at Oklahoma, in Eager is listed for participation in the intramural basketball tour- nament, that the in-state team will be the way it is.

**FSHS claims 2 soph boxers in Golden Gloves tourney

**THRILLS APLENTY can still be afforded to both boxers and boxing fans alike as the 1963 Golden Gloves tournament swings into its finals in the next two weeks.

**Special weights, those 50 pounds under and 160 pounds over, are dominating the first week of play, which began last week and are seven teams competing.

**HERBERT L. BURROWS and Ben SIMPSON, FSHS nephews, are wearing Boy's Club colors in the tournament, and both are considered very good boxers by Burrows. Jack Sappley, Klondike Wal- thing-boxer-wise will fight in the 105-pound open bracket. Early predictions show he is a heavy favorite to win the finals as he has won all his previous matches, two of which were knockouts.

**Ben, a newcomer to the ring, has come up quickly in the 115- pound novice department and will be fighting for a finals on this heavier division which begins January 31.

**FOUR FINALS of the Fort Smith meet will be held at the Kansas State University Golden Gloves tournament, where boxers from Fort Smith and Fort Muni are vying for the Kansas City meet, with the winners of the respective weight brackets in the tournament will be eligible to participate in the national tournament to be held in Chicago, Illinois.

Members of Science Club play game men for a day

by Rose Anna Valentti

**WHO KNOWS what evil lurk in the shadows of cave! Science Club members—do we explored one recently near Marble City, Oklahoma. Eager with anticipation and loaded down with flashlights and extra batteries, we descended peacefully into the damp darkness of a labyrinth of tvvcs. Jack Austin, Ronald Cober, James Budroth, and Danny Rav- enel took turns tying strings to- gether. When the passageways start to branch off, they ex- plained, "We may in forget which one you took.

**LARRY RUPSON was the only one with enough foresight to wear a helmet. Those cords necked out and bump your head when you least expect it.

**After about an hour of explore- ing, someone happened to see what seemed to be a small slithery off. James Tatro climbed up to investigate and called back that it was the way we had come in. In the logical thing to do that was slithery out, so everybody did.

**We had bumps on our heads, mud in our hair and shoes, and ticks on our backs from sloughing off plants. Remember Gil Boyce of the whole group when the game, "Just if we have it all again some- thing.
