

# 218 seniors plan for college; 65 to work

• COMMENCEMENT exercises of '55 will mark the time when 399 seniors will launch the plans some of them having been dreaming of for years—whether college, work or marriage.

Of the 218 of this group planning on college, 66 plan to attend Fort Smith Junior College, the greatest number this college has ever drawn from FSHS.

Sixty-five students plan to work, while 17, both boys and girls, plan to enter some branch of the armed services, 19 plan marriage or are already married, and 36 are indefinite about their future plans.
